---

This document lists all of the SFUSD's current certificated openings. This List is updated daily.

All applicants must apply through the SFUSD online application system, which is accessible through our website, [www.SFUSD.edu](http://www.SFUSD.edu).

To submit your application:

- Go to the SFUSD website ([www.SFUSD.edu](http://www.SFUSD.edu))
- Click the JOB SEEKERS tab
- Click on "Apply and Search for Open Teaching positions Now!" link.

Applications received undergo screening to determine how well applicants meet the criteria for a specific job opening.

Successful applicants may be contacted by Human Resources Department or by site administrators for a screening interview.

Applicants who are recommended for employment will have their history verified via a background check conducted by the Human Resources Department.

A background check includes:

- Contact with previous employers
- Credential / License verification
- Fingerprint. All potential employees will be required to be fingerprinted for SFUSD employment. Fingerprinting for credential purposes or for employment in other districts is not acceptable
- Negative TB results (within 60 days or within 4 years if transferring from another school district in California)
- Verification of authorization to work in the United States
- Verification of education

Only the Human Resources Department may offer you a job with the San Francisco Unified School District.
